DHARUNKUMAR T

B.SC. ARTIFICIAL INTELLIGENCE & MACHINE LEARNING STUDENT

Tamil Nadu, India | +91 9361619188 | dharunk037@gmail.com

CAREER OBJECTIVE

Motivated B.Sc. Artificial Intelligence and Machine Learning student with an interest in data analytics, Python programming and emerging technologies. Seeking an entry-level internship or learning opportunity to apply analytical and problem-solving skills while gaining practical industry experience.

EDUCATION

B.Sc. Artificial Intelligence & Machine Learning — KPR College of Arts, Science and Research
Currently pursuing | Tamil Nadu, India

Higher Secondary Education (12th Grade) — Tamil Nadu State Board | Computer Science Stream

TECHNICAL SKILLS

Programming: Python, Java (basic)
Data & Tools: Microsoft Excel / Google Sheets, Google Workspace
Foundational Knowledge: Data analysis, data handling, basic statistics, algorithms, AI and Machine Learning concepts
Professional Skills: Problem-solving, teamwork, quick learning, communication

PROJECTS

Monthly Budget Management using Python

- Academic case study focused on recording expenses, organizing budget data and calculating totals to support monthly spending analysis.

FitBuddy-AI — AI Fitness Assistant Prototype

- Worked on a student project using a Python backend and web-based interface to collect user details and provide fitness-related assistance.

Google Sheets & Forms Applications

- Created forms for seminar registrations and MCQ assessments, and spreadsheets for student mark statements and mathematical calculations.

TRAINING & CERTIFICATIONS

- Completed a 30-day Data Analytics training programme and received a certificate.
- Attended an Astra AI session conducted by Novitech R&D; Private Limited (5 November 2026).

ACHIEVEMENTS

- Completed programming practicals and developed Java programs covering inheritance, interfaces and GUI components.
- Practised algorithmic problem-solving through academic programming exercises.

LANGUAGES

Tamil | English

INTERESTS

Data analytics, Python programming, Artificial Intelligence, Machine Learning and learning new technologies.
